**Re: Administrative Order on Consent for Remedial Investigation/Feasibility Study
Index No. II CERCLA-02-99-2035
Section XX - Reimbursement
Hilliard's Creek Site**

Dear Ms. Capichioni:

Enclosed is a Bill for Collection No. 023306T003 ("Bill") in the amount of \$95,826.21 for costs paid by the U.S. Environmental Protection Agency ("EPA") in connection with the Hilliard's Creek site (the "Site") between October 1, 2003 and June 30, 2005. This Bill is being transmitted pursuant to the reimbursement provisions set forth in Section XX of the September 30, 1999 Administrative Order on Consent (AOC) for Remedial Investigation/Feasibility Study (RI/FS) activities between the United States and the Sherwin-Williams Company for the Site entered under the authority of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended, 42 U.S.C. 9601 *et seq.*

Also enclosed is a narrative statement concerning the costs contained in the Bill and a SCORPIOS Report — the latter being a computer-generated breakdown of the different categories of Site-related costs paid by EPA. The SCORPIOS Report was prepared using EPA's indirect methodology, whereby all direct costs for payroll and contracts are multiplied by a standard indirect rate of 30.30% determined for Region 2.

Pursuant to Section XX of the AOC, you are responsible for remitting payment of the Bill within thirty (30) days from the date of your receipt of this Bill. Although the terms of the AOC indicate that payment is to be made by a certified check, EPA requests that the amount due be sent to EPA's account at Mellon Bank via electronic funds transfer ("EFT"). To effect this payment via EFT, please instruct your bank to remit payment to EPA by providing the following information to your bank:

To ensure that your payment is properly recorded, you should send a letter, within one week of the EFT, which references the date of the EFT, the payment amount, the name of the Site, the index number, and your name and address, to:

Mr. Ray Klimcsak
Remedial Project Manager
New Jersey Remediation Branch
Emergency and Remedial Response Division
U.S. Environmental Protection Agency, Region 2

as well as to:

Mr. Carl Howard, Esq.
Office of Regional Counsel
U.S. Environmental Protection Agency, Region 2
290 Broadway, 16th Floor
New York, NY 10007

The United States reserves its right to recover any oversight costs incurred during that time period covered by this accounting but not included in this Bill, and all other future response costs pursuant to the AOC.

Finally, as indicated in past correspondence, under the Superfund Administrative Reform on improving the management of work performed by consenting parties, EPA has reaffirmed its commitment to conduct appropriate and cost-effective oversight while ensuring protective cleanups. EPA believes that maintaining an open dialogue with potentially responsible parties about oversight expectations and consenting-party performance can improve the efficiency of response actions and minimize the costs of oversight.

To this end, EPA would once again like to offer to discuss with you its plans for the oversight of ongoing work at the Site, and to provide you with the opportunity to suggest ways to effectively streamline the work and its oversight. Please contact Mr. Klimcsak at (212) 637-3916 within two weeks of receipt of this letter if you are interested in having a conversation with us regarding future oversight, or if you have any questions regarding this Bill. Questions from your legal representative should be directed to Mr. Howard at (212) 637 - 3216.

Sincerely yours,

Carole Petersen, Chief
New Jersey Remediation Branch
